# ADVENT 2018

## EXPERIENCE GUIDE

Want to get more from your 31-Day Advent Devotional? Here are some ways to have a deeper experience and help you unwrap the wonder of the Christmas season.

- 1 Set the mood by playing some of your favorite Christmas music (check out some of [our staff's picks](#) on Spotify!), lighting a candle, and sipping your favorite hot drink.
- 2 Be reminded of your reason to sing by using these [beautiful lock screens](#)—designed just for you!
- 3 Take time to read and pray over each day's Scripture passage. Ask God to use that day's reading to keep the true significance of the season at the forefront of your heart.
- 4 Supplement your Advent experience by reading along on [our companion blog](#)! Just like a traditional Advent calendar, each day on the blog allows you to “open a door” and get a Christmas surprise. With excerpts from the devotional plus a holiday recipe, story, song, or DIY project, The First Songs of Christmas blog will turn your heart toward the birth of our Savior.
- 5 Celebrate the wonder of Christ in community! Share your Advent experience through [#ROHAdvent](#) on your social media or the specially-designed [social media share squares](#). Plus join in the community on [The First Songs of Christmas blog](#) to let others know what God is teaching you.

Follow these steps every day—or even a few times a week—to help you cultivate wonder this Christmas . . . and fix your eyes on our great God and Savior!
