Opportunities to Partner with  
*Revive Our Hearts* in Helping  
Women Thrive in Christ.

# Two Decades. *One Mission.*

These are trying times. Women in every demographic are confused, misguided, and fearful, living in a world where gender roles seem fluid, basic biblical literacy is on a steep decline, and there are so many voices vying for women's allegiance. **The need for solid, trustworthy messages is urgent.**

*Revive Our Hearts* seeks to help women to know and love God's Word through various outreaches:

- Two daily audio teachings
- A growing podcast family
- Conferences and events
- Bible-centered studies and resources
- Digital content and social media
- International expansion

As you review what God has done through *Revive Our Hearts* in the past and dream with us about what He might do in the future, we invite you to consider how God might be asking you to be a part of it.

# We Still Say, "Yes Lord."

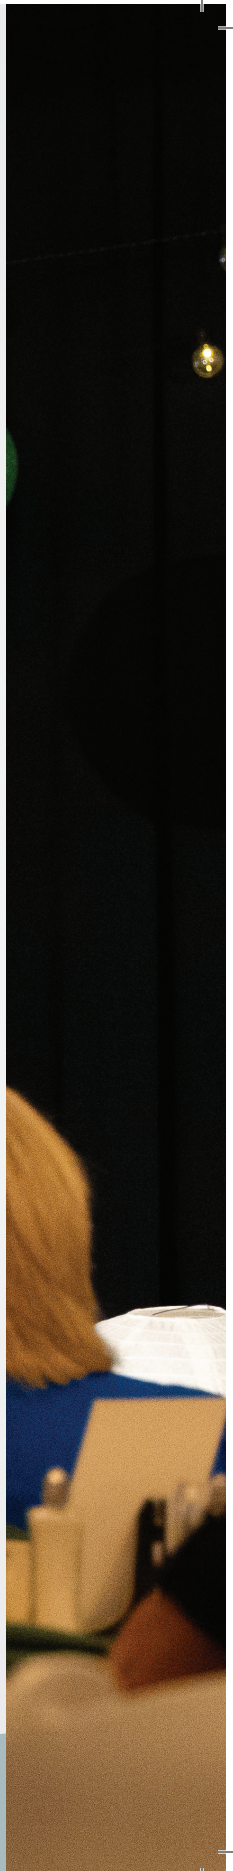

**In the past two decades, our methods may have evolved from a single daily audio broadcast to podcasts, blogs, print resources, conferences, and more, but our mission remains the same.**

We still exist to call women to surrender their whole lives to Christ, knowing that's the only way to find true freedom and to experience the fullness and fruitfulness that comes with living for Him.

"The effectiveness and success of the ministry is not measured in statistics, operations, the broadcasts and resources we have produced, or the events we have pulled off. It's about the glory of God and the people whose lives are being transformed by the power of His grace and the ministry of His Word."

—Nancy DeMoss Wolgemuth

**We still say, "Yes, Lord." Please pray about how you can say, "Yes, Lord," by partner with us in the year ahead.**

# Then and *Now*

"I am so grateful to the Lord for the way His presence has been with us every single day over these past twenty years. This ministry has continued because of His strength, His enabling, and His provision."

—Nancy

## DEVOTIONAL STUDY BIBLE

Nancy is developing a new devotional study Bible shaped from her personal and teaching notes. Targeted at women with a desire for a deeper understanding of God's Word, this Bible will utilize the Christian Standard Bible (CSB) translation and is scheduled for release in 2024.

"As I have soaked in and taught Scripture through the years, my heart has become increasingly ravished by Christ and in awe of the redemption story. **Now, as many of my personal reflections and teaching notes are to be published alongside the Christian Standard Bible (CSB) text, I hope to encourage others to plumb the riches of His Word for themselves and to experience its transformational power in a greater way.**" —Nancy

## TEACHING THROUGH THE BIBLE

*Revive Our Hearts* is committed to elevating all of God's Word. In conjunction with the Bible project, Nancy is prayerfully planning to **teach through the entire Bible** in the years to come. Our dream is for this to be a **synchronized, ministry-wide endeavor with content in multiple languages**.

## 40 LANGUAGES BY 2040

We're aiming for women to engage with our **core content in forty languages** in the next **twenty years**.

## LATIN AMERICAN CONFERENCE MINISTRY

God continues to revive the hearts of women in Latin America, and we want to be a part of it! Plans are well underway for a **Mujer Verdadera (True Woman in Spanish) conference** in the spring of 2023 with the theme "*Libertad, plenitud y abundancia*" (Freedom, Fullness & Fruitfulness). This event has the capacity to reach **8,000 women** in person and **tens of thousands** more digitally.

# Reaching Women across Borders

Women from every nation, speaking every language need God's Word. As our international partnerships grow, here are projects we are prayerfully prioritizing.

## GERMAN LANGUAGE WEBSITE

**Help us** build, launch, and promote a full-featured website for the *Revive Our Hearts* German team, setting a base for growth in an area of the world seeing a steep decline in allegiance to biblical truth.

*\$16,000* — Programming and Consulting

*\$10,000* — Awareness Campaign

*\$26,000* — Total

## REVIVE OUR HEARTS PODCAST IN TSONGA

Almost 200 *Seeking Him* podcasts have been translated and recorded in Tsonga, the language spoken by **nearly nine million people** in South Africa, Mozambique, and Zimbabwe.

**Help us** build out the *Revive Our Hearts* South Africa website to host and deliver these new programs and the episodes that are currently in the works.

*\$5,000* — South Africa Website and Programming

## KEEP UP WITH GROWTH IN LATIN AMERICA

In eight years, *Aviva Nuestros Corazones* (ANC) has grown organically and exponentially with staff in the Dominican Republic, Mexico, Colombia, and the United States. Giving to ANC has grown each year, but ministry costs have also increased due to exponential growth.

**Help us** ask God for a second “patron” donor with a burden for the women of Latin America.

*\$93,000* — Latin American Ministry Expansion

# Expanding Digital Outreach

## MAXIMIZING GRANT OPPORTUNITIES

We are approved for a Google Ad Words grant of up to \$10,000 per month in free Google advertising. This can be used to make women in all of our language groups aware of the content *Revive Our Hearts* has to offer.

**Help us** maximize this grant by adding staff for grant administration.

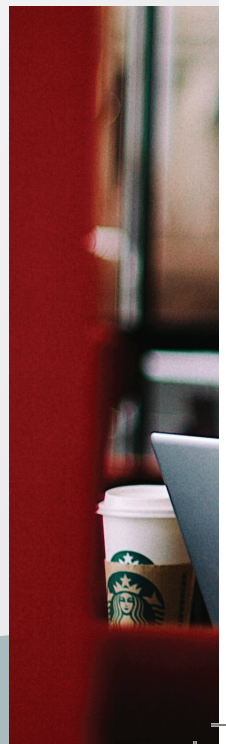

*\$30,000* Annually — Grant Administration

## SEARCH ENGINE OPTIMIZATION

**Half of the women coming to our website find us via search engines.** A robust, ongoing SEO focus lifts our content higher in web search returns, allowing more women to find life-changing content. Combining this project with the Google Ad Words initiative (above) will result in big savings in contract costs overall.

**Help us** move forward and continue to drive women to our site.

*\$30,000* Annually — Engaging SEO Consultants

## SOCIAL MEDIA ENGAGEMENT

Social media is the digital frontier with nearly limitless opportunities. Our goal is to expose our content to new users, increase traffic to our websites, podcasts, and other digital content, while deepening our relationship with those already following us on social media.

**Help us** expand our staffing in this area, promote key resources and opportunities, and to establish a presence in various Christian ad networks.

*\$30,000* — Social Media Promotions

*\$18,000* — Full-time Social Media Specialist (Spanish)

*\$45,000* — Social Media Staffing (English)

# Building Technological Infrastructure

Infrastructure often lags behind other advancements in growing organizations. Our database allows us to stay in touch with women currently engaged with the ministry and identify new users and patterns.

The process of building our own Application Programming Interface (API) for better functionality and features began in 2020. The end result will be a more user-friendly experience for donors and would-be donors.

**Help us** finish building the API.

*\$33,000* — Complete API Project
