

Chapter Six: Hear Me Roar

Discussion Questions

Think about the following questions. Discuss them with your friends, family, and/or small group:

1. Can you think of some examples of friends, teachers, curriculum, TV programs, books, or other things that have specifically pushed feminist ideas at you? What part of the message was good? What part of the message was counter to God's Word and ways? In what ways has feminism shaped your thinking?
2. What subtle distortions does feminism introduce into the way we approach gender and male-female relationships?
3. Review the description of the Wild Thing of Proverbs 7 listed on page 146. How does the ideal for womanhood in Scripture compare to today's ideal? Which ideal do you find more desirable? Why?
4. Which of the techniques listed on page 150 has Lady Wild used to get you to attend her party? Why should you trust and choose the invitation of Lady Wise over Lady Wild?
5. Why do you think that as women have gained more education, more economic independence, more power, and more freedom, they have become less and less happy?
6. Why do you think the concept of true womanhood presents a "Fear Factor" for some women? How do you need to adjust your attitude toward womanhood so that it's more in line with how the Lord views it?
